

I Hunter (Victoria)

M Hawke (New South Wales)

Mark Chidel (New South Wales)

Class 10 Cinnamonwing ASC

Judges comments on class:

Unfortunately we had to disqualify a cage for three toes continually forward.
Overall good class

1. Powerful Light Green – beautiful width, length of mask, good solid body. Lovely overall bird.
2. Very strong – tends to drop tail. Note quite as wide.

3. Nice top. Not quite the same substance as the front two.
4. Lovely face – wouldn't show.
5. Nice big bird, just not the impact in face.

Judges comments (recorded by Carol Gough):

The bird in cage I was disqualified as it displayed 3 forward toes even when we moved it around.

A very strong class and the first 4 to 5 birds are all very nice birds.

The winner is a powerful Light Green, big, beautiful width of mask, solid through the body and a lovely overall bird. A little out of condition. The first four placings let themselves down slightly as they are all a little out of condition.

Second is another strong bird that tends to drop its tail occasionally. Not quite as wide as the winner but still a very nice bird.

Third has a very nice top end, a solid bird but not as much substance in the body as the first two but in the variety quite a nice bird.

Fourth has a beautiful brow and face but didn't like showing.

Fifth is another nice bird with a beautiful top end but slightly narrower across the cere.
